

ENDFEDZ EF-30 30M END FED DIPOLE

PARTS LIST

PART NO.	QTY	DESCRIPTION
SUB10001	1	30 METER EF MATCHBOX
1001	1	30M RADIATOR 46.0'
1409	1	END INSULATOR
14417	1	#10 SPLIT RING LOCKWASHER
2814	1	#10 STAINLESS HEX NUT
2815	2	#10 STAINLESS FLATWASHER
32767	1	SHIPPING BOX
1005	1	EF-30 MANUAL

ENDFEDZ ARE MONO BAND MATCHED ANTENNAS. THEY WILL NOT REQUIRE A TUNER— TAKE THE TIME TO ADJUST THE ANTENNA.

USE ON BANDS OTHER THAN THE DESIGN BAND WILL RESULT IN SIGNIFICANT COAX RADIATION AND MAY RUIN THE MATCHBOX

ASSEMBLY

1. This antenna is essentially a half wave dipole with one important difference– the feedline is at the end of the antenna. The antenna is suspended at its ends by the two included end insulators– one of which is integral to the matchbox.

2. In order to have the least possible influence on the antenna, insulated lines are recommended for attachment to the insulators. The antenna may be suspended horizontally, vertically or sloping. Portable operation is easily accomplished by suspending the far end from a tree limb and letting the matchbox hang just above the ground.

3. The antenna has been used from hotel rooms by hanging the matchbox end just outside the window and letting the far end hang, or preferably pulling it away from the building with a guy attached to the end insulator.

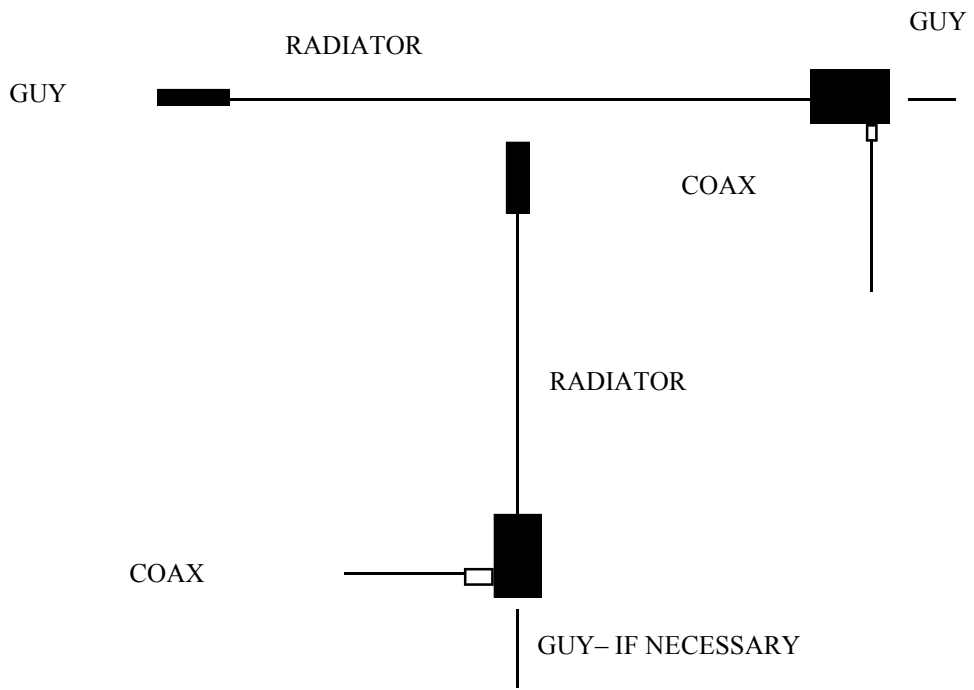

4. Tuning is best accomplished by using an antenna analyzer attached to the far end of the coaxial cable that will be used with the antenna. Once the initial resonant frequency is established, the antenna may be tuned just like a dipole. Shortening the far end by 1” will raise the resonant frequency approximately 50 KHz. **Tighten the #10 hardware just enough to compress the lockwasher.**

5. Once you are satisfied with the overall length of the radiator, Lace the radiator through all three holes as shown in Fig 1.

6. Fig. 2 illustrates some mounting ideas.

TYPICAL VSWR PLOT

SPECIFICATIONS

Polarity:	Depends on mounting configuration
Design Z:	50 Ohms
V.S.W.R. Bandwidth:	200KHz 1.5:1
Power Handling:	200W
Weight:	0.5 lbs
Length	46.0'
Hardware:	Stainless Steel
Connector:	Silver/Teflon SO-239
Radiator:	#18 black poly coated stranded copper clad. Wireman #WM532
